Differences among our .308 Caliber Full Length Sizing Dies

308 Win. meets most reloading needs for this caliber.
(Order No. 005591)

308 National Match "bumps" or sets back the case shoulder, thereby reducing headspace A by .003" from the 308 Win. Case body diameter B is the same as the 308 Win. Intended for use in bolt-action target rifles.
(Order No. 018311)

308 Small Base retains same headspace A as the 308 Win.; however, it reduces diameter B by .003" from the 308 Win, which is sometimes required for the proper action of ammunition intended for use in automatic, semiautomatic, slide, pump, and some lever-action rifles.
(Order No. Sizer 30853)

How to Purchase

We recommend ordering from a dealer or distributor. Their experience and knowledge will help you select the best products that meet your specific requirements. In addition, they usually offer the best prices and convenient delivery options.

To find a Reseller, go to forsterproducts.com and click **Distributors**. If your distributor cannot supply you, or if you need parts, please contact Forster Products directly by email, phone, or fax.

WARRANTY

All Forster Products are warranted against defects in materials and workmanship for the life of the product. Parts excluded from the warranty are those that, by nature of their function, are subject to normal wear (such as springs, pins, etc.) or that have been altered, abused, or neglected. If the product is deemed defective by workmanship or materials, it will be repaired, reconditioned or replaced (at Forster's option). This warranty supersedes all other warranties for Forster Products, whether written or oral.
