User Instructions for the Power Adapter for Case Trimmers

Issue 2

1.0 GENERAL INFORMATION

The Forster Products Power Adapter for Case Trimmers (Fig. 1) provides a quick and affordable way to turn any of our miniature lathe Case Trimmers into a power Case Trimmer. It allows a cordless screwdriver or power drill to be used with any Forster Case Trimmer (Original, Classic, or 50BMG) and the Deburring Tool Base.

Figure 1. Power Adapter for Case Trimmers

The Power Adapter lets you trim up to 200 cases per hour. This automated technique does not affect cutter shaft and stop collar settings on the Case Trimmer, so the same accurate case length settings are maintained.

NOTICE

For optimal performance, Forster Products recommends using a cordless screwdriver with an RPM of 140 or higher. The Case Trimmer Power Adapter may also be used with a small power drill. If using a power drill, ensure that its weight is supported to reduce the stress on the case trimmer cutter shaft and bearing.

2.0 SAFETY INFORMATION

Always wear safety glasses.

3.0 PROCEDURE

1. Remove the Case Trimmer Crank Handle Assembly (Fig. 2) from the cutter shaft by unscrewing the crank handle counterclockwise, and set it aside.

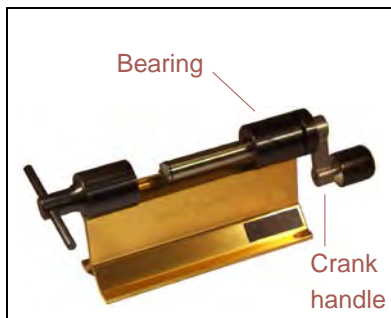

Figure 2. Crank Handle Assembly

2. Screw the Power Adapter into the Case Trimmer Cutter shaft in place of the Case Trimmer crank handle.
3. Fit the male end of the Power Adapter into the cordless screwdriver (Fig. 3).

Figure 3. Power Adapter Shown on Cordless Screwdriver

4. To trim case, squeeze the trigger of the cordless screwdriver or drill and push in lightly toward the case mouth. Refer to your Case Trimmer User Instructions to adjust proper case trimming length.

4.0 ORDERING INFORMATION

See www.forsterproducts.com for complete documentation and part numbers, including pilots and collets.

Table 1. Complete Product

Order Number	Description
PA1000	Power Adapter for Case Trimmers

Table 2. Case Trimmers

Order Number	Description
CT1010	Original Case Trimmer (without pilot or collet)
CLCT00	Classic Case Trimmer (without pilot or collet)
50BMGCT	50 BMG Case Trimmer (includes 510 pilot)
DB2000	Deburring Tool Base

For best prices, contact your Forster dealer. Experienced dealers and wholesale jobbers are an integral part of the shooting sports. Please make frequent use of their knowledge and support them. If your dealer or wholesale jobber cannot supply you, please contact us by email, fax or phone.

WARRANTY

All Forster Products are warranted against defects in materials and workmanship for the life of the product. Parts excluded from the warranty are those that, by nature of their function, are subject to normal wear (such as springs, pins, etc.) or that have been altered, abused, or neglected. If the product is deemed defective by workmanship or materials, it will be repaired, reconditioned or replaced (at Forster's option). This warranty supersedes all other warranties for Forster Products, whether written or oral.
