User Instructions for Attaching the Curved Links to your Co-Ax® Press

Issue 1

1.0 GENERAL INFORMATION

The curved linkage is used to provide easier accessibility to your Co-Ax® Press jaws.

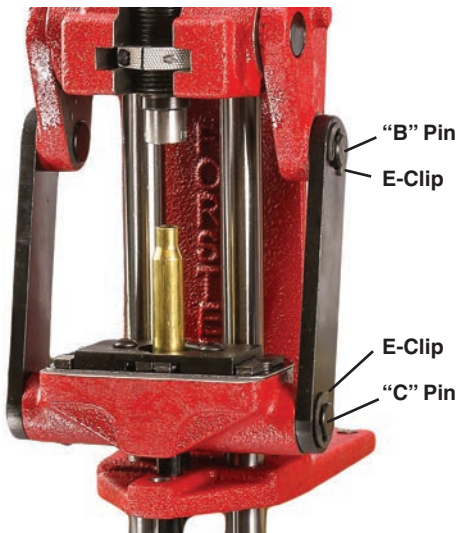

2.0 SAFETY INFORMATION

Always wear safety glasses.

3.0 PREPARATION

1. Find "B" pin located at the bottom of the yoke. (Fig. 1)
2. Remove E-clip from "B" pin using a flathead screwdriver.
3. Repeat on other side.
4. Drop straight link down to side of the Press. Find "C" pin located on the guide block. (Fig. 1)
5. Remove E-clip from the "C" pin using a flathead screwdriver.
6. Repeat on other side.
7. Save pins and clips.

Figure 1. Links

Packing List

- 2 Curved Links
- 4 extra E-Rings

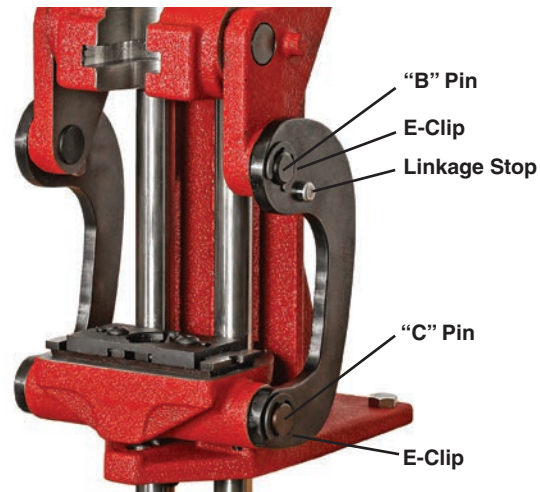

Tools Needed

- Pliers
- Flathead screwdriver

4.0 ATTACHMENT OF CURVED LINKS

1. Attach small side of linkage with the C-pin. (Fig. 2)
2. Snap E-clip on using pliers to hold linkage in place.
3. Repeat on other side.
4. Flip linkage up to the Yoke (curve should be facing to the back of the Press). Insert "B" pin and snap E-clip on "B" pin using pliers.
5. Repeat on other side.
6. Press Yoke should cycle smooth with the Linkage Stops contacting the Yoke when handle is in downward position. (Fig. 2)

WARRANTY

All Forster Products are warranted against defects in materials and workmanship for the life of the product. Parts excluded from the warranty are those that, by nature of their function, are subject to normal wear (such as springs, pins, etc.) or that have been altered, abused, or neglected. If the product is deemed defective by workmanship or materials, it will be repaired, reconditioned or replaced (at Forster's option). This warranty supersedes all other warranties for Forster Products, whether written or oral.
